

# PRODUCT DISCONTINUANCE NOTIFICATION

## PDN 2211

---

### Description:

Due to product transition and declining demand, Intel® is discontinuing Intel® FPGA PAC N3000, PAC D5005 & PAC with Intel® Arria® 10 GX FPGA acceleration cards. A complete list of ordering part numbers (OPNs) is listed in Attachment 1A-1C.

### Recommended Action:

While there are no direct drop in replacement acceleration cards available, Intel recommends that customers migrate to an alternate acceleration card as appropriate. Customers may place last-time-buy orders on the ordering part numbers (OPNs) impacted by this discontinuance notice. Given the unprecedented global demand for, and limited supply of semiconductor components and substrates, Intel does not guarantee fulfillment of last-time-buy orders.
