

# Product Change Notification

**Change Notification #:** 119549-01

**Change Title:** Select Intel® Server Chassis, Spares, and Accessories,  
PCN 119549-01, Product Discontinuance, End of Life  
**Reason for Revision: Including additional MMIDs 915634, 915635, 925749, 959890, 960256, 979696 to EOL.**

**Date of Publication:** June 02, 2023

## Key Characteristics of the Change:

Product Discontinuance

## Forecasted Key Milestones:

|  |                   |
|--|-------------------|
| Product Discontinuance Program Support Begins      | May 05, 2023      |
| Last Product Discontinuance Order Date             | June 30, 2023     |
| Orders are Non-Cancelable and Non-Returnable After | May 05, 2023      |
| Last Product Discontinuance Shipment Date          | December 22, 2023 |

## Description of Change to the Customer:

**Reason for Revision: Including additional MMIDs 915634, 915635, 925749, 959890, 960256, 979696 to EOL.**

Intel is announcing the discontinuance of the Intel® Server Systems, Chassis, Spares and Accessories listed in the "Products Affected/Intel Ordering Codes" table below.

Intel will make best efforts to support all orders placed between the Non-Cancelable and Non-Returnable (NCNR) and the Last Product Discontinuance Order (LPDO) dates. After the LPDO date existing inventory is still orderable, under NCNR terms, and will be filled on a first come first served basis. Deliveries must be accepted within 15 days from the system build date, or order placement date, whichever is later.

Final purchase orders are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgement or Distributor agreements.

Intel has enabled MiTAC to manufacture and sell the discontinued DSG products. MiTAC is an edge-to-cloud IT solutions provider; has been a longstanding partner of DSG, and is the current DSG ODM, manufacturer, test, and integration partner for these systems. Intel and MiTAC are working together to ensure a smooth transition and to support you throughout this process. For information concerning these products, please contact: DSGserverinfo@mitac.com or contact your Intel Authorized Distributor.

### Engineering and Support Guidance for Discontinued Products:

1. No new OS, peripheral or adaptor validation is planned during the extended life period (defined as the period beginning with the Product Discontinuance Announcement publication date ("the PDA date") and continuing through the end of product warranty). The THOL, supported processor and tested memory lists are frozen at PDA.
2. No new features or enhancements should be expected, however ECOs may be required during the extended life period to maintain supply lines (e.g., to qualify new vendor due to a component EOL).
3. Intel will provide reasonable commercial efforts in debugging issues during the warranty period for the product after the PDA date has passed. Fixes cannot be committed, but Intel will endeavor to provide reasonable workarounds for the product.

### Customer Impact of Change and Recommended Action:

Determine your remaining demand for this product and/or evaluate additional sources (if applicable).

Milestone dates are estimates and subject to change based on business and operational conditions.

Please contact your local Intel Sales Office or Distributor if you require more information or need assistance in selecting a replacement product.

### Products Affected/Intel Ordering Codes:

| Marketing Name  | Product Code         | Affected MM#  |
|---|----------------------|---------------|
| Mini-SAS Cable Kit AXXCBL380HDHD, Single  | AXXCBL380HDHD        | 936427        |
| Mini-SAS Cable Kit AXXCBL450HD7S, Single  | AXXCBL450HD7S        | 936428        |
| Cable Kit AXXCBL900HD7R, Single   | AXXCBL900HD7R        | 937316        |

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
